**B.E. ELECTRONICS AND
TELECOMMUNICATION ENGINEERING**
Currently Pursuing

Karpagam College Of Engineering
CGPA* - 7.5

HSC

TMHNUV MAT HR SEC SCHOOL THENI
2021
Percentage - 83%

SSLC

TMHNU MAT HR SEC SCHOOL THENI
2019
Percentage - 79%

OBJECTIVE

Dedicated and highly motivated recent graduate with a B.E Electronics and Telecommunication Engineering seeking an entry-level position in Software Engineering. Eager to apply my strong educational background, passion for learning, and exceptional problem-solving skills to contribute to a dynamic team and grow professionally while making a positive impact on the organization.

CERTIFICATION

- C Programming, Html (Linked in)
- Java Programming, SQL, C Programming (Skill rack)
- Developing Softskills And Personality (Nptel)
- Getting Started with Data Analytics on AWS (Coursera)

INTERNSHIPS

GATEWAY SOLUTIONS

- Full Stack Development

KODACY

- Robotics

PROJECTS

EMPLOYEE MANAGEMENT SYSTEM

The Employee Management System is a comprehensive software solution designed to simplify and enhance the management of employees within an organization. This system aims to streamline various HR processes, improve data accuracy, and provide valuable insights to support informed decision-making.

KEYPAD INTERFACE WITH 7 SEGMENT DISPLAY

The Keypad Interface with 7-Segment Display project is designed to create a simple yet versatile input and output system using a keypad and a 7-segment display. This project is an excellent educational exercise and can serve as the foundation for various applications such as digital lock systems, timer controls, or data entry systems.

AREA OF INTEREST

- Web Development
- Web Design
